

The Elliott Team wants to do something special for the Highlands County Senior Class of 2020, so please help us send them a special message!

Follow the link to the [online form](#) to upload a video, graphic or a written message. We will compile all of the messages as a video for each high school in the county and provide the link to watch and share the week of their graduation. Let's let them know that no matter what happens, this milestone is a huge accomplishment and how proud we are of all of them! For more information, including rules please visit the [The Elliott Team Special Events Facebook Page](#).
