

Thank you for offering to let the public know that we're open for business. Our average rate is \$89 plus tax and the rate depends on the room type. Another thing there's to mention is that there is NO housekeeping. The only services we offer are to take linens and towels to guests by request only. Furthermore, linens and towels will be left in front of the door in order to continue the practice of social distancing.

Any questions, please don't hesitate to get in touch with us.
